

Ceiling lamp

VIA – 620710330

incl. 1x SMD, 36W · 1x 4200lm, 2700 – 6500K

- Remote control
- Integrated dimmer
- Light color infinitely variable
- Night light
- Not suitable for external dimmer
- Wall- & ceiling mounting
- Memory function
- IP20

Pure elegance and cosiness through geometric shapes! The VIA luminaire will become a statement piece on the wall or ceiling in your living room or bedroom. A remote control included in the scope of delivery not only allows for the brightness to be infinitely adjusted as desired by means of an integrated dimmer, but also the light colour can be easily set from cool white to warm white. Other functions such as the memory and the night light function round off the ceiling luminaire. The colour design in matt black in combination with the wood look provides modern, homely accents and creates special light moments with a feel-good character. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Material construction

Natural wood · Wood coloured

Product dimensions

Width: 50cm
Height: 7cm
Depth: 50cm
Weight: 1,66kg

Technical data

Light source: SMD – LED (integrated)
Watt: 36W
Lumen: 1x 4200lm
Kelvin: 2700 – 6500K
Color rendering (CRI): > 80 CRI
Lifetime: 30000H
Switching cycles: 15000x ON/OFF
